

Letter to Clients

Dear Clients, Friends and Partners in healing,

I hope you are healthy and happy and weathering this time of change with grace and ease. For me it's been a gift that I wouldn't have given to myself and an amazing opportunity for a life priority review and future planning. During this review I realized that it's time to make some changes in both my business structure and home environment. After 23 years in business I have decided to fully retire from providing therapeutic massage to clients. I had scaled back in the past year but am now ready to fully move on to the next phase of my work as an Energy Healer, Spiritual Life Coach and Teacher. The Shelter at home orders have required me to move my work to phone and remote sessions only and, to my surprise, I have found that I enjoy both much more than I ever imagined.

I am using the analogy that in each session we start from the same location, but an in-person session is like we are walking, and a remote session is more like taking a helicopter. Both very effective and useful but in the helicopter, we can go further faster. So much so I have decided to make all my one on one sessions remote and to close my home office space to client sessions.

Please visit my website at <http://www.infiniteresonancetherapy.com> for more information on the types of sessions I am offering. I am very excited about what these changes means for my work, my clients, and the future.

If you have an unused gift certificate or prepaid session you have a few options: 1) Schedule a remote session for Energy Work, Spiritual Life Coaching, Intuitive Healing or Accessing the Akashic Records for anytime in 2020. 2) Schedule and receive a house call session in the Orlando area prior to July 1, 2020 or 3) Receive payment in the amount of the value of any unused sessions. I will be contacting you individually to determine which option you prefer.

I encourage you all to continue with your self-care via regular therapeutic massage treatments and would like to offer recommendations to a few excellent therapists that I trust in the area.
